

Technical Datasheet

#FS001 Face Shield

Description

The WX #FS001 face shield is a one-size fits all item. The visor is made of clear plastic (PET) that protects the mucous membranes of the eyes, nose, and mouth during patient-care procedures and activities that carry the risk of generating splashes of blood, body fluids, excretions, or secretions.

Key Features:

- One size fits all
- Anti-fog coated face shield visor
- Easy removable tear-off protection film

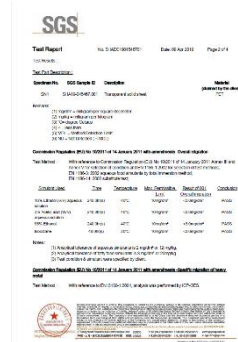

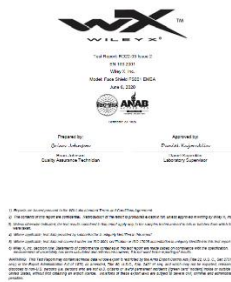

Specifications:

- Face shield material is PET
- Face shield has Anti-fog on interior surface to prevent fogging and provide comfort vision.
- Elastic Strap included (20 mm wide)
- Strap is adjustable for universal fit
- 30mm thick top Foam guard to provide distance between users face and face shield
- Face shield width is 330mm and height is 220mm to provide large coverage over the face

Test/Pass EN Norms:

- EN166:2001
 - EN167:2001
 - EN168:2001
- CE Certified according to Regulation (EU) 2016/425 (FS CE marked)
