0681 Dark Green
Silk læder

A close-up photograph of a dark leather surface with a fine, regular pebbled texture, appearing black or very dark navy.

0842 Black
Silk læder

Sildebens flet

The image is a side-by-side comparison of two textile materials. The left half shows a light-colored, woven fabric with a regular, repeating diamond-shaped pattern. The right half shows a dark-colored, non-woven material with a dense, fibrous texture. The labels are placed on semi-transparent dark grey rectangular backgrounds.
