Sanita is the one and only ORIGINAL manufacturer of clogs since 1907. With our own factory in Europe, and with respect for quality and service, we are proud to be a serious partner to many fashion and shoe stores all over the world.

DANISH DESIGNED CLOGS with more than 100 years of hand craftsmanship founded in 1907 by Christian Meldgaard Andersen.

Quality materials, design and comfort are the secrets to our success. Sanita clogs are produced in Europe, handcrafted by dedicated and highly skilled people. Passion for clogs .. for more than a century.
FALL IS COMING

Fashionable clogs in genuine European leathers and wooden soles. Seasonal products following latest trends and colours without compromising the minimalistic look and the feeling of Danish wooden clog boots.

A quality product in rich leathers, printed- and embossed leather, soft suedes and nubuck. A wide selection of heel heights, flexible wooden soles with max comfort and variety in styling for the retro girl, fashionista or the clog enthusiast.

BASIC LIFESTYLE

The Sanita DNA: Handcrafted Original Danish Clogs since 1907
- more than 110 years of experience in clog making.
Comfort and quality are keywords for this wide range of wooden clogs made in a
selection of genuine leathers – oiled, patent or printed variation.
HOME SLIPPERS

RECYCLED
Cosy Sanita home slippers are made of fibres from recycled plastic bottles.
The slippers are environmental friendly and durable, available in multiple colours.
Eco-friendly, thermoforming and transpiring. Think green with us!

- Nubuck outsole
- Polyurethane (PU) outsole constructed and reinforced with rubber
- PU leather
- Original-Pro. PU
- Felt

Product Features

- Polyurethane (PU) outsole
- Original-Pro. PU
- Felt

How to Care for Your Clog

- Clean with damp cloth and add neutral shoe wax/shoe cream

WOOD SOLES

Remove dirt with a wet cloth, dry slowly – no direct sunlight or on the radiator. If a wood chip is kicked off the sole it can be glued back on. Wood shoes after cleaning never leave them on a hot spot, as this can cause the wood to dry out.

How to Care for Your Rubber Boot

Your rubber boot is made of NATURAL rubber. Do not store in temperatures above 80°F (26°C). If you store your boots outside (e.g., in a garage), bring them into a cool, dry place when not in use. Do not put your rubber boots in direct sunlight. Remove dirt with a wet cloth, then wipe down with a neutral soap. Do not use any chemicals or disinfectants.

How to Care for Your Suede Boot

Your suede boot is made of SUEDE leather. Do not use any chemicals or disinfectants on your suede boot. Remove dirt with a dry cloth.
